WE'LL TAKE YOU EXACTLY WHERE YOU WANT TO GO.

You demand more from a vehicle than ever before. Exactly the same can be said of Chevrolet. For starters, you're looking for greener driving choices – Chevrolet offers more models that get better than 7 L/100 km highway fuel efficiency than any other manufacturer. Chevrolet also offers a range of vehicles powered by hybrid technology or alternative fuels. And just around the corner comes the arrival of the revolutionary Chevrolet Volt plug-in Extended-Range Electric Vehicle that can travel up to 64 km purely on electric power. Down the road, there are Hydrogen Fuel Cell Vehicles that point the way to a future of zero-emissions driving.

At Chevrolet, we take pride in more than the quality of our vehicles. We are also proud to be the Official Vehicle Supplier of the Vancouver 2010 Olympic and Paralympic Winter Games and of Canada's Olympic and Paralympic Teams. Chevrolet also demonstrates its enthusiastic support for Canada's athletes and coaches through its Making Dreams Possible and Chevrolet Safe & Fun Hockey initiatives. Share the passion.

2010 MALIBU

CHEVROLET

2010 **MALIBU**

You look beneath the surface to see what someone is all about. You measure people according to how they act – what they say and, even more importantly, what they do.

Why not apply that same thinking to your choice of your next car? Look for one that fully delivers on its promise. One that will lift you up, not let you down.

IT'S NOT JUST THEIR "BEST BUY".

When *Consumers Digest* named Chevrolet Malibu as one of its 2009 Best Buys, it was only reinforcing what drivers across Canada and the United States have discovered for themselves: namely that Malibu provides a unique combination of distinctive styling, extraordinary fuel efficiency and exemplary quality. No wonder Malibu has won more than 30 prestigious awards, including the 2009 Best New Family Vehicle* from Kelley Blue Book and why *AUTOMOBILE* Magazine in February 2009 wrote: "…Drive one, and you will see why we've named it an … All-Star winner two years in a row." It shows you what happens when you bring together trend-setting design and innovative engineering. The car that sets the standard for all other mid-size sedans. The 2010 Chevrolet Malibu.

* For more information about the 2009 Best New Family Vehicles from Kelley Blue Book's kbb.com, visit kbb.com/family09

CHEVROLET

"MALIBU HAS BEEN THE SURPRISE OF THE AUTOMOTIVE WORLD." *– US NEWS & WORLD REPORT*

Perceptions have changed – people used to look to the likes of the Toyota Camry and Honda Accord to identify the best mid-sized car. Now all it takes is a visit to your neighbourhood Chevrolet dealer. That's where you'll find the real benchmark for its class: Malibu. As *AUTOMOBILE* Magazine affirms, Malibu is: "a family sedan that is more enjoyable to drive than the Toyota Camry, better looking than the Honda Accord ..." Malibu's sporty personality is established by its long wheelbase and short overhangs – the same characteristics, coupled with a tight wheel-to-body relationship, contribute to Malibu's confident handling. Your control is further enhanced by the standard four-wheel disc brakes with ABS and StabiliTrak®. First it wowed the critics; now it's about to do the same to you.

Malibu LTZ shown in Mocha Steel Metallic.

THERE'S FUEL EFFICIENCY.
AND THEN THERE'S BEST-IN-CLASS FUEL EFFICIENCY.

Malibu's standard 170 horsepower 2.4L ECOTEC dual overhead cam four-cylinder engine employs fuel-saving technology like Variable Valve Timing (VVT). When combined with the six-speed automatic transmission on 2LT and LTZ models, it enables Malibu to earn stellar 5.9 L/100 km highway fuel consumption ratings. That's better than either the comparably equipped Toyota Camry or Honda Accord.* In fact, it beats all non-hybrid cars in its class** and it translates into an amazing highway driving range of up to 1034 km. If instead, it's performance that drives you, take note of the available 252 horsepower 3.6L V6 VVT engine. Malibu – it's engineered around your priorities.

* 2010 Malibu equipped with a 2.4L 4-cylinder engine and 6-speed automatic transmission based on GM testing in accordance with approved Transport Canada test methods. 2010 Camry equipped with a 2.5L 4-cylinder engine and 6-speed automatic transmission and latest published information at time of printing. 2009 Honda Accord based on Natural Resources Canada's 2009 Fuel Consumption Guide Ratings. Your actual fuel consumption may vary.

** Based on GM Mid Car segment and latest competitive information available at the time of printing.

FUEL EFFICIENCY

Malibu LTZ, shown in Taupe Gray Metallic with available equipment.

"... NEWFOUND LEVELS OF REFINEMENT AND STYLE ... LEGITIMATE CONTENDER FOR BEST-IN-CLASS BRAGGING RIGHTS." *– MOTOR TREND*

Take your position inside Malibu and you'll realize that this is a car that is designed with flair – and with a commitment to an exceptional driving experience. As soon as you see the sports car-inspired dual cockpit configuration, it is apparent that this is a mid-size car that is more than highly functional. Malibu is further distinguished by its impeccable fit and finish. Look closely and you can see evidence in the tight gaps between the trim panels and the furniture-quality stitching in the seating material. What you won't see is the use of acoustic laminated glass that contributes to Malibu's ultra-quiet ride. If you prefer to pump up the volume, Malibu offers an available Bose® premium eight-speaker sound system.* A USB port is also available, allowing you to plug in your own musical selections. It all adds up to a more rewarding drive – by design.

* Interim availability. See your dealer for details.

Malibu's designers maximized space with features like the standard auxiliary storage bin located on the top of the centre stack. It provides an ideal location for items like sunglasses, mobile phones and other small articles.

The Bose premium 8-speaker sound system incorporates strategically positioned woofers, proprietary digital signal processing and six channels of custom equalization. The system will be available on 2LT and standard on LTZ later in the 2010 model year.*

Malibu LTZ interior, shown in Cocoa/Cashmere with leather-appointed seating surfaces and accent piping.

EVERYTHING IS UNDER CONTROL.

Now that you've made yourself comfortable, it's time to familiarize yourself with Malibu's controls. They give you a high level of command over a series of Malibu's functions. A good example is provided by the six-speed automatic transmission on 2LT and LTZ models. It includes TAPshift™ manual shift control with paddles on the steering wheel that enables you to select the desired gear for performance-like driving or to address specific road conditions. There are also steering wheel controls for the sound system on all but LS models. All these controls allow you to make adjustments without taking your hands off the steering wheel. The same principle applies to the Bluetooth® wireless mobile phone connectivity that's standard on all but LS models. And you can use the available three-prong 110-volt household power outlet to plug in your electronic devices. Sophisticated controls for a very sophisticated car.

Bluetooth wireless connectivity enables you to answer and end calls without touching your compatible mobile phone, by using the steering-wheel-mounted sound system controls. Bluetooth is standard on LT and LTZ models.

The 6-speed automatic transmission offers a wide spread in gear ratios. A steep first gear enhances launch capabilities, while the tall overdrive sixth gear reduces noise, vibration and enhances fuel efficiency, standard on 2LT and LTZ, available on 1LT.

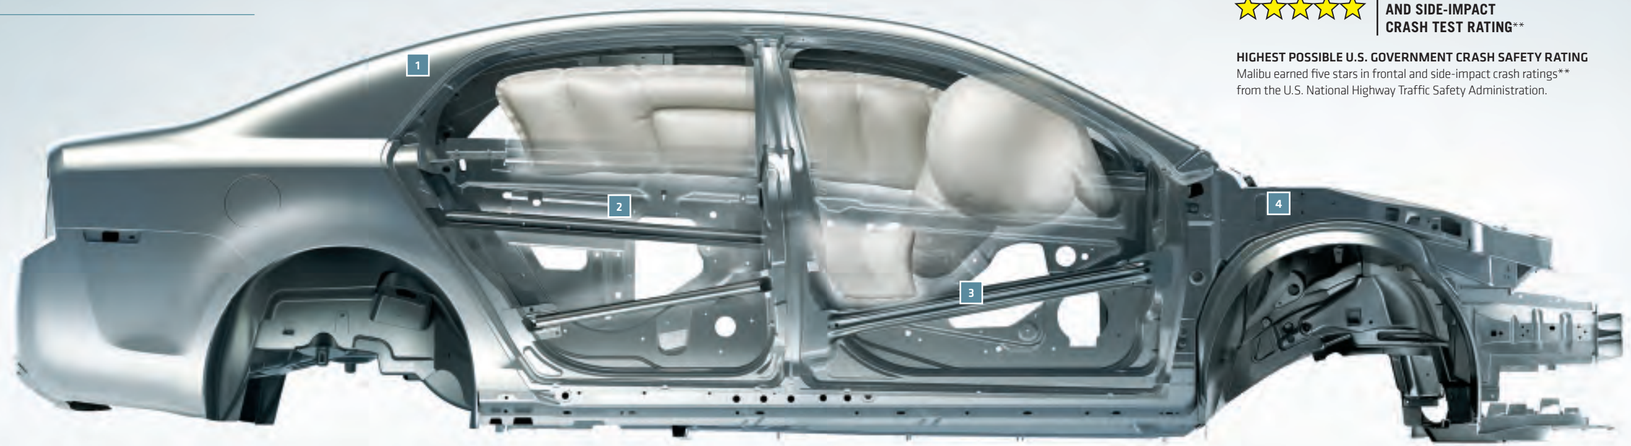
GIVE YOURSELF FIVE-STAR PEACE OF MIND.

Malibu is engineered to help keep you safe, starting with advanced driver control technology. But the reality is – some accidents are simply unavoidable. That's why Malibu is also equipped with comprehensive occupant protection features, including six standard air bags: dual-stage frontal air bags with a Passenger Sensing System, front seat-mounted thorax side-impact air bags, and front-to-rear head curtain side-impact air bags.* They helped Malibu earn the highest U.S. government frontal and side-impact crash ratings – five stars.** You also have the security of OnStar®† – a system you won't find on either Toyota Camry or Honda Accord. It can direct emergency service providers to your exact location. Peace of mind: it isn't a luxury in Malibu, it's standard equipment.

* A NOTE ON CHILD SAFETY: Always use safety belts and proper child restraints, even in vehicles equipped with air bags. Refer to the vehicle Owner's Manual and child safety seat instructions for more information.

** Five-star rating is for the driver and front-passenger seating positions in the frontal crash test, and for the front and rear seating positions in the side-impact crash test. Model tested with standard side-impact air bags. U.S. government star ratings are part of the National Highway Traffic Safety Administration's (NHTSA's) New Car Assessment Program (NCAP) (safercar.gov).

† OnStar services require vehicle electrical system (including battery), wireless service and GPS satellite signals to be available and operating for features to function properly. OnStar acts as a link to existing emergency service providers. Subscription Service Agreement required. Ability to locate stolen vehicles varies with conditions. Call 1-888-4ONSTAR (1-888-466-7827) or visit onstar.ca for OnStar's Terms and Conditions, Privacy Statement and details and system limitations.



FIVE-STAR FRONTAL AND SIDE-IMPACT CRASH TEST RATING**

HIGHEST POSSIBLE U.S. GOVERNMENT CRASH SAFETY RATING
Malibu earned five stars in frontal and side-impact crash ratings** from the U.S. National Highway Traffic Safety Administration.

1. SAFETY CAGE
The safety cage helps reduce deformation of the frame in the event of a collision. The cage surrounds the passenger compartment from the windshield pillar to the backglass pillar, and from the roof rail to the rocker.

2. LOWER DOOR-TO-DOOR INTERLOCK
The interlock helps prevent the rear door from intruding into the passenger compartment during an impact.

3. SIDE INTRUSION BEAM
A tubular side intrusion beam fabricated from high-strength boron steel helps protect passengers during side impacts. It is diagonally positioned on the front doors.

4. FRONT FRAME
It helps absorb crash energy in a controlled manner, reducing the force of an impact before it reaches the passenger compartment.

STABILITRAK
The standard StabiliTrak electronic stability control system helps keep you on your intended driving line, using the brakes and, if necessary, adjusting engine torque to correct for oversteer and understeer.

TURN-BY-TURN NAVIGATION
OnStar and 1 year of the Directions & Connections Plan† are standard on all Malibu models. The plan includes Turn-by-Turn Navigation†† – perhaps the smartest and simplest navigation system out there. All you do is press the OnStar button and state your destination to an Advisor. You then receive automated voice instructions that lead you right to your next destination – turn-by-turn.

ONSTAR

Does your vehicle have a help button? With OnStar, you can get the help you need at the push of a button. If you're in a collision, you don't even need to ask for help – sensors around your vehicle can automatically alert an OnStar Advisor. If your vehicle is stolen, we can use GPS technology to help police find it. OnStar and 1 year of the Directions & Connections Plan† with Turn-by-Turn Navigation†† is included on all Malibu models. No one offers more ways to help you on the road. Learn more at onstar.ca.

†† Turn-by-Turn Navigation not available in certain areas. Visit onstar.ca for coverage map.

XM SATELLITE RADIO

Your listening preferences are very personal. XM Satellite Radio gives you access to the largest playlist on the planet and the most commercial-free music in digital-quality sound. That's on top of news, talk, comedy and sports channels – including more than 1000 NHL games. It all adds up to 130 channels to choose from, coast to coast.‡ Why offer so much choice? XM Satellite Radio has to appeal to a wide range of tastes, with more than 9 million subscribers. And it's included on Malibu LTZ and is available on other models. Ask your dealer for more information.

‡ Available in 10 Canadian provinces and the 48 contiguous United States. Subscription sold separately after trial period.

MALIBU MODEL OVERVIEW

MALIBU LS

Malibu LS includes these standard features:

- 170 hp ECOTEC 2.4L FlexFuel 4-cylinder engine with Variable Valve Timing (VVT)
- GM Oil Life Monitoring System
- 4-speed automatic transmission
- 4-wheel disc brakes with ABS and Panic Brake Assist
- StabiliTrak electronic stability control system
- Traction control
- 4-wheel independent suspension
- 17-in. fascia-spoke wheels with painted sterling silver trim
- Power exterior mirrors
- Remote keyless entry system
- Six air bags
- Driver Information Centre
- Air conditioning
- Power windows and door locks
- Tilt and telescopic steering column
- Cruise control
- Front bucket seats with power driver height adjuster and power lumbar adjuster
- 60/40 split-folding rear seatbacks
- 6-speaker sound system with CD player and auxiliary audio input jack
- OnStar with 1 year of the Directions & Connections Plan and Turn-by-Turn Navigation.

MALIBU 1LT

Malibu 1LT enhances LS features with:

- 17-in. fascia-spoke wheels with bright chrome trim
- Body-coloured exterior mirrors
- Steering-wheel–mounted sound system controls
- MP3 playback, auto tone control and speed-compensated volume control
- Bluetooth phone connectivity.

MALIBU 2LT

Malibu 2LT enhances 1LT features with:

- 6-speed automatic transmission with TAPshift manual shift control
- 17-in. Chrome-Clad aluminum wheels
- Chrome exhaust tip
- Remote vehicle starter system
- UltraLux™ Sheer Suede seating surfaces
- Heated front bucket seats
- Power 6-way driver's seat adjuster
- Leather-wrapped steering wheel and shifter
- Auto-dimming interior rear-view mirror with compass
- Universal home remote transmitter.

MALIBU LTZ

Malibu LTZ enhances 2LT features with:

- 18-in. 10-spoke bright-finish aluminum wheels
- Fog lights
- LED tail lights
- Heated exterior mirrors with driver-side auto-dimming mirror
- Leather-appointed seating areas
- Power 8-way driver's seat adjuster
- Power 6-way front-passenger seat adjuster
- Automatic electronic climate control
- 210-watt 8-speaker sound system with CD player, MP3 playback and USB port
- XM Satellite Radio.

HOW TO TRANSFORM YOUR MALIBU INTO A ONE-OF-A-KIND.

If you believe your vehicle represents an important expression of your individuality, take Malibu's style and functionality to the next level with the addition of Chevrolet Accessories. They were part of Malibu's development process to ensure they offer the same quality of fit, finish and function as the rest of the vehicle. They are backed by the 3-year/60,000 km New Vehicle Limited Warranty* and can be included in your finance agreement through GMAC. Ask your dealer for a complete list of the Chevrolet Accessories available for Malibu, or visit gm.ca

* Whichever comes first, when permanently installed by the dealer at the time you purchased your new vehicle, or for the remainder of the New Vehicle Limited Warranty if installed after the time of your vehicle purchase, but no less than 12 months.

Some Chevrolet Accessories available for Malibu include:

- Rear-seat head-restraint LCD screens
- 17-in. forged polished wheel
- 18-in. 7-spoke cast chrome wheel
- 2-way advance remote vehicle starter system
- Premium all-weather floor mats.

- The GM Customer Communication Marketing Centre at **1-800-GM-DRIVE (1-800-463-7483** or **1-800-263-3830** for TDD users)
- For information about GMAC visit **gmac.ca** or call **1-800-616-4622**.

A WORD ABOUT THIS BROCHURE

Some of the equipment shown or described throughout this brochure may be available at extra cost. We have tried to make this brochure comprehensive and factual. We reserve the right, however, to make changes at any time, without notice, in prices, colours, materials, equipment, specifications, models and availability. Specifications, dimensions, measurements, ratings and other numbers in this brochure and other printed materials provided at the dealership or affixed to vehicles are approximates based upon design and engineering drawings and prototypes and laboratory tests. Your vehicle may differ due to variations in manufacture and equipment. Since some information may have been adapted since the time of the printing, please check with your GM dealer for complete details. General Motors of Canada Limited reserves the right to lengthen or shorten the model year for any product, for any reason, or to start and end model years at different times.

A WORD ABOUT ASSEMBLY

GM vehicles are equipped with engines and components produced and assembled by different operating units of General Motors, its subsidiaries and suppliers and these engines and components may change or be obtained from different sources from time to time. All such engines and components are approved for use in GM vehicles. Certain equipment ordered may be unavailable at the time of assembly and we suggest that you verify that your vehicle includes the equipment you ordered, or if there are changes, that they are acceptable to you.

TRADEMARKS

The marks appearing in this brochure including, but not limited to: General Motors, GM, the GM emblem, Chevrolet, the Chevrolet emblem, Malibu and their respective logos, emblems, slogans and vehicle model names and body designs; and other marks such as ECOTEC, Solar-Ray, StabiliTrak, TAPshift and UltraLux are trademarks of General Motors and/or General Motors of Canada Limited, its subsidiaries, affiliates or licensors.

GMAC is a registered trademark of the General Motors Acceptance Corporation of Canada, Limited.

OnStar and the OnStar emblem are registered trademarks of the OnStar Corporation.

TheftLock is a registered trademark of Delphi Automotive Systems Inc.

Radio Data System (RDS) is a registered trademark of the U.S. National Association of Broadcasters.

The XM name and related logos are trademarks of XM Canada, Canadian Satellite Radio Inc.

Bose is a registered trademark of the Bose Corporation.

Apple and iPod are trademarks of Apple Computer, Inc., registered in the U.S. and other countries.

Bluetooth is a registered trademark of Bluetooth SIG Inc.
